**QUALITY:** Water based colours dedicated to the decoration of dark, light, thin or thick fabrics. Covering, concentrated, intense and vivid colours. The colours can be mixed together. Excellent light fastness.

**DRYING:** Air dry in 1 hour

**SURFACES:** The majority of fine and thick, light and dark fabrics, natural or synthetic, prewashed fabrics

**DILUTION:** Ready to use colours.

**OPACITY:** Opaque colours

**FINISH:** Matt, opaque and covering

**FIXING:** Two possibilities:

- 1) With an iron on cotton position, no steam, for 5 minutes, on the reverse side of the Fabric;
- 2) In the oven, for 5 minutes at 150°C (300°F) (stabilized temperature).

**CARING (decorated fabric):** after fixing, the colours resist machine washing at 40°C (100°F) and hand washing.

**APPLICATION TOOLS:** Pébéo Cobra deco or Iris brushes, sponge, dropper, acetate, Setacolor stencil

**TOOL CLEANING:** Soapy water.

**NUMBER OF COLOURS:** 23 colours

**PACKING:**

- 45 ML bottle - all colours
- 250 ML bottle - 15 colours
- 1L bottles - 12 colours

## **Application:**

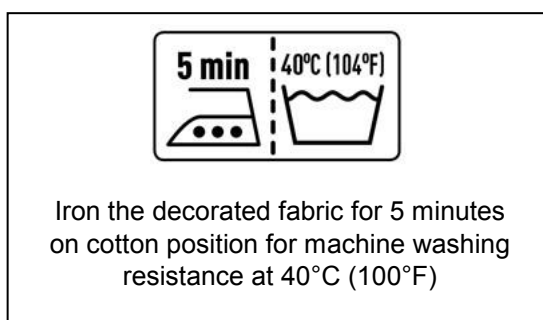

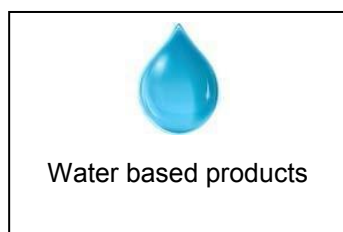

Stir before use.

Setacolor Opaque colours can be used on all prewashed fabrics: cotton, wool, mesh, jersey, velvet, jacquard knit, polyester, mixed fibres, and even leather. Ready to use, concentrated, vivid and intense. Setacolor Opaque colours are very covering, they can be used pure or diluted with water to obtain a watercolour effect. Their rich texture is particularly indicated for various textile decorating techniques: with a paint brush, dropper, stamp, silkscreen painting stencil...

When used with Setacolor auxiliaires additional effects can be obtained to multiply the techniques.

To fix the Setacolor colours, iron the reverse side of the decorated fabric for 5 minutes on cotton position with no steam. It is also possible to put the fabrics in the kitchen oven. After 5 minutes at 150°C (300°F) the colours are fixed. Once fixed, the colours resist machine washing.
